Broadcasting
pre-empting normal
programming fro a
biased show is a
clear abuse of
power. Please make a
strong example of
this situation, as
allowed unchecked
this sort of abuse
of the media will
continue.

For a free and open
society to succeed
we need checks and
balances, and
conglomerations can
not be allowed to
monopolize public
airwaves for their
own personal agenda.

Cmpared to a short
airing of human
anatomy during the
super bowl, this is
a far greater danger
to our children and
muchmore offensive.
Please act now to
preserve a fair,
balanced, and open
dialogue.
